

QUALIFIED INTERIM REFERENCE (ZWISCHENZEUGNIS)

To Whom It May Concern,

This letter serves as a qualified interim reference for Mr. Yasin Akın Ayturan, who has been working with Tutus Media GmbH as a Full Stack Software Developer through our long-term software development partner, Ayzer Dış Ticaret ve Danışmanlık Ltd. Şti., since April 2019.

Mr. Ayturan contributes to multilingual digital products and web platforms serving the German, Turkish and English markets across Europe. His responsibilities include the design, development, maintenance and continuous improvement of scalable web applications using React (Next.js), ASP.NET Core, Entity Framework Core, Laravel, MySQL, PostgreSQL and WordPress.

He is also responsible for backend REST API development, database design, software integration, troubleshooting, performance optimisation and feature implementation in accordance with business requirements. He collaborates effectively with international development teams throughout the complete software development lifecycle.

Throughout our cooperation, Mr. Ayturan has consistently demonstrated excellent technical competence, analytical thinking and a high level of professionalism. He works independently, reliably and with great attention to quality. His performance has always met our expectations to our fullest satisfaction.

We highly appreciate his commitment, technical expertise and professional attitude. This interim reference has been issued upon his request, and we look forward to continuing our successful cooperation.

Yours faithfully,

Adem Aydın
Managing Director
Tutus Media GmbH
